

Past & Present Sedimentation in Tropical Region

ORGANIZED BY

HOSTED BY

Universitas Gadjah Mada

CALL FOR ABSTRACT

Yogyakarta, Indonesia. 5-6th September, 2018

The Indonesian Sedimentologist Forum (FOSI) together with the International Association of Sedimentologists (IAS) and the Society of Sedimentary Geology (SEPM) are going to organize regional seminar in Yogyakarta, Central Java, Indonesia.

Pre and post seminar field trip will be arranged. The committee is inviting potential speaker to participate in both of oral and poster sessions.

Research Themes:

- Reservoir model
- Source to sink
- Outcrop and subsurface comparison
- Structural control on sedimentation
- Geophysics or geochemistry application in sedimentology
- Quaternary to Recent sedimentation
- Climate influence on sedimentation
- Sedimentology application to georesource

Deadline submission: **30th April, 2018**

Submit the abstract to iagifosi@gmail.com

Check the website for abstract submission guideline
