# IAGI ANNUAL PROGRAM 2016

IAGI Learning Centre has conducted courses, workshops, and international field trips for more than 5 years presented by instructors who expert and have experiences, strong theoretical background and good reputations on related industry.

### \*) Tentative Schedule Training 2016

Date	Instructor		Location	Courses
<b>April</b>				
11 - 15	Dr. Didit Hadi Barianto	Geology UGM	Yogyakarta	Petroleum Geologist for Non-Geologist (+ One Day Fieldtrip)
11 - 15	Dr. Djuhaeni	Geology ITB	Bandung	Sequence Stratigraphy : An Applied Worskhop for Oil and Gas Exploration ( + Two Days Fieldtrip)
17 - 22	Dr. Gajah E. Pireno	Pertamina	Yogyakarta	Deep Water Carbonate for Oil Exploration and Development
17 - 22	Ir. Made D. Sulitra	Well-log Specialist	Yogyakarta	Drilling Monitoring : Applied Concept on Oil Exploration
<b>Mei</b>				
9 - 13	Dr. Ir. Agus Guntoro	Geology Trisakti	Solo	Indonesia Shale Gas Potential and Its Exploration
9 - 13	Dr. Eng. Bagus Endar Bachtiar Nurhandoko	Geophysics ITB	Solo	Quantitative Characterization of Complex Reservoir: Carbonate, Stratigraphic, Fracture Basement
16 - 20	Prof.Dr. Ir. Eddy Ariyono Subroto	Geology ITB	Bandung	Petroleum Geochemistry : Effective Technique for Exploration and Development
16 - 20	Ir. Benyamin Sapiie Ph.D	Geology ITB	Bandung	Structural Style in Petroleum Exploration
<b>Juli</b>				
18 - 22	Dr. Budi Kantaatmadja	FESM	Lombok	Formation evaluation on Carbonate Basement Reservoir
18 - 22	Dr. Sc. Yoga Andriana Sendjaja, ST. M.Sc.	Geology Unpad	Yogyakarta	Petroleum Geology for Early Carier Geoscientist and Engineering (+One Day Fieldtrip)
25 - 29	Dr. N. Alit Ascaria, Ph.D	Repsol	Makasar	Carbonate Sedimentology and Diagenesis : Their Impact on Reservoir Quality and Distribution
<b>Agustus</b>				
8 - 12	Prof.Dr. Ir. Eddy Ariyono Subroto	Geology ITB	Bandung	Petroleum Geochemistry : Effective Technique for Exploration and Development
8 - 12	Dr. Sigit Sukmono	Geophysics ITB	Bandung	Seismic Methods for Field Exploration and Development
<b>September</b>				
19- 23	Dr. Didit Hadi Barianto	Geology UGM	Yogyakarta	Petroleum Geologist for Non-Geologist (+ One Day Fieldtrip)
19- 23	Dr. Djuhaeni	Geology ITB	Bandung	Sequence Stratigraphy : An Applied Worskhop for Oil and Gas Exploration ( + Two Days Fieldtrip)
<b>Oktober</b>				
PIT IAGI	Ir. Made D. Sulitra	Well-log Specialist	Bandung	Drilling Monitoring : Applied Concept on Oil Exploration
PIT IAGI	Awang Harun Satyana	SKK Migas	Bandung	Petroleum Geochemistry and Petroleum System Analysis
PIT IAGI	Dr. Ir. Agus Guntoro	Geology Trisakti	Bandung	Indonesia Shale Gas Potential and Its Exploration
<b>November</b>				
28 - 2	Dr. Gajah E. Pireno	Pertamina	Yogyakarta	Deep Water Carbonate for Oil Exploration and Development
28 - 2	Dr. Sc. Yoga Andriana Sendjaja, ST. M.Sc.	Geology Unpad	Yogyakarta	Petroleum Geology for Early Carier Geoscientist and Engineering (+One Day Fieldtrip)
<b>Desember</b>				
5 - 9	Dr. Budi Kantaatmadja	Malaysia	Lombok	Formation evaluation on Fracture Basement Reservoir
5 - 9	Ir. Benyamin Sapiie Ph.D	Geology ITB	Bandung	Naturally Fractured Rock Characterization
5 - 9	Salahuddin Husein Ph.D	Geology UGM	Balikpapan	Sandstone Reservoir (+ One day Fieldtrip)

# IAGI IN-HOUSE COURSE AND FIELD TRIP

No.	Course & Field Trip Titles	Type	Instructor	Place
1	Carbonate Sedimentology and Diagenesis : Their Impact on Reservoir Quality and Distribution	Workshop	Dr. Alit Ascaria (REPSOL)	Yogyakarta or Makassar
2	Overpressure in Sedimentary Basins: Mechanism, Prediction, and It's Application to Geohazard and Petroleum System Analysis, and Some Case Studies From Some Indonesia's Sedimentary Basins	Workshop	Ir. Agus M. Ramdhan, Ph.D. (Geology ITB)	Bandung, West Java
3	3D Structural Analysis using Sand Box Modelling Method for Oil and Gas Exploration	Workshop	Ir. Benyamin Sapiie Ph.D (Geology ITB)	Bandung, West Java
4	International Petroleum Fiscal System, PSCs and Economic Risk Analysis	Workshop	Daniel Johnston MBA, (USA)	Bali
5	Formation Evaluation on Carbonate Reservoir	Workshop	Dr. Budi Kantaatmadja	Lombok
6	Formation evaluation on Fracture Basement Reservoir	Workshop	Dr. Budi Kantaatmadja	Lombok
7	The Ancient and Modern Mahakan Delta Sedimentology	Field Trip	Irfan Cibaj (TOTAL)	Balikpapan, East Kalimantan
8	Regional Geology and Hydrocarbon Potential of Central Sumatra Basin	Field Trip	Ir. Benyamin Sapiie Ph.D & Dr. Dardji Noeradi (Geology ITB)	Pekanbaru, Riau
9	International Field Trip : Regional Geology and Fractured Basement Reservoir of Cuu Long Basin, Vietnam	Field Trip	Prof. Dr. Trinh & Dr. Son (Vietnam)	Ho Chi Minh (Vietnam)
10	Applied Facies Analysis Of Clastic Rock : Well Logs, Cores, Outcrops of South Sumatra Basin	Field Trip	DR. Darji Noeradi (Geology ITB)	Palembang, South Sumatra
11	East Java Basin Field Trip: Tectonostratigraphy, Overpressure, and Hydrocarbon Potential	Field Trip	Awang H. Satyana (SKK Migas)	Central Java-Bawean-East Java
12	Petroleum System of North Sumatra Basin	Field Trip	Dr. Dardji Noeradi (Geology ITB)	Medan, North Sumatra
14	Petroleum System of Ombilin Rift Basin Fieldtrip	Field Trip	Dr. Dardji Noeradi (Geology ITB)	Bukit Tinggi, West Sumatra
15	Regional Tectonic of East Java Basin and Selorejo Carbonate Reservoir Characterization Fieldwork	Field Trip	Awang H. Satyana (SKK Migas) / Budianto Toha (Geology UGM)	Cepu, Central Java
16	Exploring Petroleum Through Petroleum System and Field Geology	Field Trip	Awang H. Satyana (SKK Migas)	Sawarna, Banten
17	Structural Geology & Petroleum System of South Sulawesi Basin	Field Trip	Ir. Benyamin Sapiie Ph.D & Dr. Dardji Noeradi (Geology ITB)	Makassar
18	South Yogyakarta Carbonate and Pre Tertier Basement of Java	Field Trip	Awang H. Satyana (SKK Migas)	Yogyakarta
19	Banggai-Sula Collision Expedition and Hydrocarbon Potential	Field Trip	Awang H. Satyana (SKK Migas)	Banggai-Sula, Sulawesi
20	Exploring Tertiary to Mesozoikum eastern Indonesia Field Trip	Field Trip	Ir. Benyamin Sapiie Ph.D (Geology ITB)	Misool-Raja Ampat
21	Fracture Basement in Langkawi	Field Trip	Ir. Jarot Setyowiyoto Ph.D (Geology UGM)	Langkawi, Malaysia
22	Applied Subsurface Geological Mapping for Exploration and Development Workshop	Field Trip	Dr. Dardji Noeradi & Dwiharso Nugroho, MT (Geology ITB)	Bandung, West Java
23	Subvolcanic Hydrocarbon Prospectivity of Java : Opportunities and Challenges	Field Trip	Awang H. Satyana (SKK Migas)	Yogyakarta-Semarang
24	Field Work Carbonate And Petroleum Geology Of East Java Basin	Field Trip	Dr. Didit Hadi Barianto, S.T., M.Si., (Geology UGM)	Solo-Surabaya
25	Fracture Basement Fieldwork Ombilin Basin	Field Trip	Ir. Benyamin Sapiie Ph.D (Geology ITB)	Bukit Tinggi, West Sumatra
26	Reservoir Characterization of Tanjung Formation, Barito Basin	Field Trip	Dr. Dardji Noeradi (Geology ITB)	South Kalimantan
27	Regional Tectonic and Structural Geology of Barito Basin, An Implication to Hydrocarbon Potential	Field Trip	Dr. Dardji Noeradi (Geology ITB)	South to East Kalimantan
28	Modern Carbonates Of Kepulauan Seribu and Clastic Carbonate of Rajamandala Formation	Field Trip	Robert K. Park (New Zealand) & Dwiharso Nugroho MT (Geology ITB)	Kep. Seribu, Jakarta & Bogor, West Java

\*) We can arrange your course or field trip depend your need with a professional handling
