

2014 programs

IAGI
LEARNING CENTRE

No	Course	Instructor	Date time	Place	Price
1	Operations Geology : Applied Concept on Oil exploration.	Ir. Made D. Sulitra (Geotama Consultant)	March 19 -21	Bali	Rp14,500,000
2	International Field Trip : Petroleum Geology and Basement Fractured Reservoir , Cuu Long Basin, South Vietnam Field Trip	Prof. Dr. Trinh (Vietnam)	April 21-25	Ho Chi Minh, Vietnam	USD 3150
3	CBM Reservoir Engineering, Drilling and Completion : From Exploration to Production, The Technical Challenges	DR . Alan A. Bayrak(Australia)	April 15 - 17	Lombok	Rp25,000,000
4	Sequence stratigraphy : An applied workshop for oil and gas Exploration and Field Trip	Dr. Juhaeni (ITB)	May 5 - 9	Bandung	Rp22,000,000
5	Overpressure in Sedimentation Basins : Mechanism, Prediction, and Estimation, Application to Geohazard and Petroleum Systems Analysis, and some Case Studies from Indonesia's Sedimentary Basins	Ir. Agus M Ramdhan, Ph.D (ITB)	June 16-20	Yogyakarta	Rp22,000,000
6	Hydrogeology : Managing Environmental in Mining, Oil and Gas Industry	Prof. Dr Lambok Hutasoit (ITB)	June 18-20	Yogyakarta	Rp14,500,000
7	Formation Evaluation in Fractured Basement Reservoir (Naturally Fractured)	Dr. Budi K(Malaysia)	Aug 6-8	Langkawi, Malaysia/ Hongkong	USD 2800*
8	Introduction on Naturally Fractured Rock Characterization	Ir. Benyamin Sapiie Ph.D (ITB)	Aug 18-22	Bandung	Rp24,000,000
9	Operation Geology : Applied Concept on oil Exploration	Ir. Made D. Sulitra (Geotama Consultant)	Sept 10 -12	PIT IAGI Jakarta	Rp13,500,000
10	CBM Exploration and Production	Imam B. Sosrowidjojo Ph.D (Lemigas)	Sept 11-12	PIT IAGI Jakarta	Rp12,500,000
11	Petroleum Geochemistry and Petroleum System Analysis : The Most Essentials Concepts and Methods For Production and Exploration	Awang Harun Sartiyana (SKKMIGAS)	Sept 11-12	PIT IAGI Jakarta	Rp12,500,000
12	Carbonate Sedimentology and Diagenesis : Their Impact on Reservoir Quality and Distribution and field trip to South Yogyakarta and One day Field Trip	Dr. Alit Ascaria (Talisman)	Oct 20 - 24	Bali	Rp21,000,000
13	International Field Trip : Petroleum Geology and Basement Fractured Reservoir , Cuu Long Basin, South Vietnam Field Trip	Prof. Dr. Trinh (Vietnam)	Oct 13-17	Ho Chi Minh, Vietnam	USD 3150
14	Petroleum Geology for non Geologist	Ir Rovicky D P (President IAGI)	Oct 23 - 24	Bali	Rp13,500,000
15	Overpressure in Sedimentation Basins : Mechnism, Prediction, and Estimation, Application to Geohazard and Petroleum Systems Analysis, and some Case Studies from Indonesia's Sedimentary Basins	Ir. Agus M Ramdhan, Ph.D (ITB)	Nov 17-21	Batam	Rp22,000,000
16	CBM Reservoir Engineering, Drilling and Completion : From Exploration to Production, The Technical Challenges	Dr . Alan A. Bayrak(Australia)	Nov 19 - 21	Batam	Rp25,000,000
17	Structural styles in Petroleum exploration,	Ir. Benyamin Sapiie Ph.D (ITB)	Dec 1 - 5	Bandung	Rp24,000,000
18	Hydrogeology : Managing Environmental in Mining, Oil and Gas Industry	Prof. Dr Lambok Hutasoit (ITB)	Dec 3 - 5	Bandung	Rp14,500,000
19	Sequence stratigraphy : An applied workshop for oil and gas Exploration	Dr. Juhaeni (ITB)	Dec 16-19	Lombok	Rp19,500,000
20	Formation Evaluation in Carbonate Reservoir	Dr. Budi K.(Malaysia)	Dec 15 - 19	Lombok	Rp23,500,000
ON REQUEST					
	International Petroleum Fiscal System, PSCs and Economic Risk Analysis	Daniel Johnston, MBA (USA)	on request		
	Petroleum Geology Basement Fractured Reservoir , Cuu Long Basin, South Vietnam Field Trip	Prof. Dr. Trinh (Vietnam)	on request	Ho Chi Minh, Vietnam	

*we can arrange your in-house field trip and workshop with experienced instructors and great hospitality

Purple Office Building
Jalan Sadang Tengah no. 27
Bandung 40134 - Indonesia
telp: (+62 22) 2535670

hotline: +62 815 6200 197

About us

IAGI was established on April 13th 1960. IAGI Learning Centre is a division unit of IAGI (Ikatan Ahli Geologi Indonesia / Indonesian Association of Geologist) to conduct and arrange course, workshop, and field trip programs, either in house or public. The programs is used to deliver and transfer knowledge from professional instructor on mining, geothermal, and oil gas industry to get better understanding on earth science, theoretical and application on the real cases and experiences.

IAGI Learning Centre has conducted courses, workshops, and international field trips for more than 5 years presented by instructors who expert and have experiences, strong theoretical background and good reputations on related industry.

Portofolio

Petroleum System of South Sumatra Basin Field Trip - SOUTH SUMATRA (Dr. Andang Bachtiar)
Pertamina EP
March 2012

Study of Fractured Basement and Hydrocarbon Potential, Cuu Long Basin Field Trip - VIETNAM (Prof. Trinh Vanh Long)
PPG Suban
December 2012

Carbonate Sedimentology and Diagenesis Workshop and Field trip - YOGYAKARTA (Dr. Alit Ascaria)
March 2013

Petroleum System and Fractured Basement in Cuu Long Basin Field Trip - VIETNAM (Prof. Trinh Vanh Long)
Pertamina PHE
March 2013

Hydrogeology: Managing Environment Disaster in Mining, Oil & Gas Industry Workshop - BANDUNG (Prof. Lambok Hutasoit Ph.D)
April 2013

Delta Mahakam Field Trip - SAMARINDA (Dr. Andang Bachtiar)
Pertamina EP
May 2013

North Sumatra Basin Field Trip - MEDAN (Dr. Ir. Dardji Noeradi)
Pertamina EP
June 2013

Ombilin Basin Subsurface Analog Field Trip - BUKITTINGGI (Dr. Ir. Dardji Noeradi)
Pertamina PHE ONWJ
August 2013

East Java – South Sulawesi Regional Geology and Basement HC Potential Basin - MAKASSAR (Dr. Ir. Dardji Noeradi and Dr. Benyamin Sapiie)
Pertamina PHE WMO
September 2013

One Day Seminar on East Java Fractured Basement Reservoir - BANDUNG
Pertamina PHE WMO (host)
September 2013

Ombilin Field Trip - West Sumatra

Basement Fractured Field Trip - Vietnam

Ombilin Field Trip - West Sumatra

Basement Fractured Field Trip - Vietnam

Bantimala Field Trip - Samalona Island, South Sulawesi
